Serving as a Haas Leader requires a high level of self-direction, commitment and accountability. As such, this contract lays out the specific commitments each Leader will hold herself to over the coming year.

As a Haas Leader I agree to the following expectations...
The Peter E. Haas Public Service Leaders Program provides need-based scholarships and supports a community of undergraduate student leaders who have demonstrated a significant commitment to off-campus service activities. Named in honor of a legendary Cal alumnus who was known for his deep compassion for helping others, the Peter E. Haas Public Service Leaders Program seeks to grow a new generation of leaders committed to helping society.

As a Haas Leader you will be expected to inspire others to public service by:
• Representing the program well by following through on your commitments, living into a leader who serves the public good;
• Serving and leading others in social action for a minimum of 10 hours/week during the academic year;
• Significantly impact an identified community that engages other Cal students;
• Honoring your scholarship for the 2016-17 academic year. Note that half of the scholarship is delivered in mid-August, the other half in mid-January (after receipt of mid-year report) and will have an impact on your overall financial aid package.

Personal and Professional Development Requirements
• Reflect deeply and critically and engage in respectful, reflective dialogue with your peers;
• Attend training and dialogue series up to two times monthly on Thursday evenings from 6-7:30pm;
• Craft a Project Plan/Individual Development Plan (IDP) to be finalized by 9/9/16
• Submit a mid-year (12/9/16) and end of year (5/6/17) report;
• Maintain a planner and sustainably manage additional commitments and involvements
• Assist with selection of the next cohort of scholarship recipients if invited; and
• Meet with media and funders as opportunities arise.
